$2 \times 4 = \underline{\quad}$

Exceeding expected- Week 1

A game where children add and subtract in powers of 10.

Exceeding expected week 1

1. In each sentence, underline the nouns and circle the verbs.
Be careful — there might be more than one noun in some sentences.

- a. The creaky door swung open.
- b. Tara often plays with her teddies.
- c. Kingsley ate a fresh, green apple.
- d. The teacher opened the new book.
- e. The giant steps over the house easily.
- f. The sun appeared from behind the clouds.
- g. The cheeky fairies run between the tall flowers.
- h. Pencils and pens fall to the floor.
- i. Mehmet skipped happily to school.
- j. I made an amazing sculpture using paper.

2. Complete the following sentences with a suitable verb.

- a. The dog the bone.
- b. The police officer the thief.
- c. My sister her homework.
- d. Thomas in the kitchen.
- e. My teacher the work.

3. Complete the following sentences with suitable nouns.

- a. The swims in the
- b. My won a
- c. The in the grew very tall.
- d. Many came to see the
- e. I saw an unusual in the

Now write 2 sentences of your own and colour code the verbs and nouns.

1.

2.

Exceeding expected- Week 2

- Write next to each shape the fraction that is coloured.
- In each group of four shapes, three of them have the same amount of the shape shaded. Circle the shape that is the odd one out in each group.

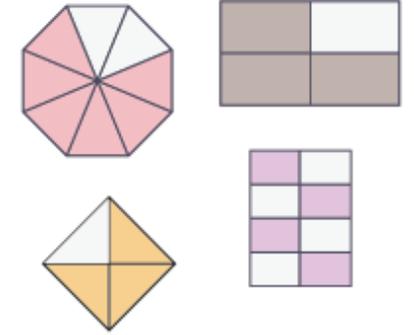

1.

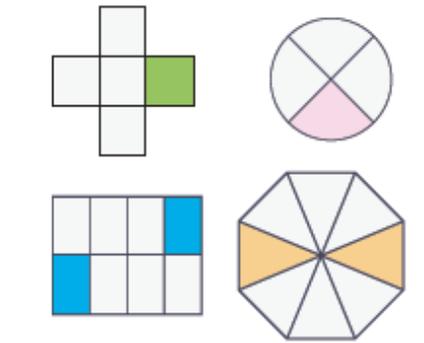

2.

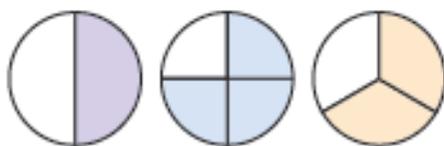

3.

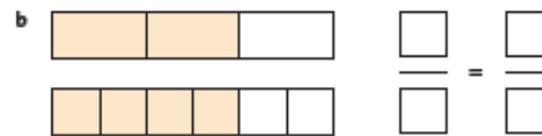

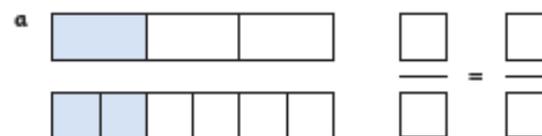

4.

1. Draw lines from these three circles to any other circle that has the **same fraction** shaded.

2. Write what each of these **equivalent fraction** images show.

Exceeding expected week 2:

Read the following sentences. Underline or circle the **expanded noun phrase** in each sentence.

1. The brightly-coloured parrot flew through the canopy.
2. After his lunch, Harold ate a sweet, delicious chocolate brownie.
3. Under the waves, the stripy fish swam quickly through the reef.
4. In a forest clearing, a dark, mysterious jaguar sauntered by the water.
5. "Pass me the blue shoes please," Mum asked Sophia.
6. As John sat at the bus stop, he saw three large, black cars go past.
7. "These strawberry yoghurts are out of date!" complained the customer in the shop.
8. "Whose is this writing pencil?" asked the teacher as she held it in the air.

Match the words to the closest synonym

gust

trails

crept

twittering

drew

tilting

string

chirping

flurry

pulled

crawled

leaning

Highlight the words you have matched in the text

Mary had stepped close to the robin, and suddenly the gust of wind swung aside some loose ivy trails, and more suddenly still she jumped toward it and caught it in her hand. This she did because she had seen something under it – a round knob which had been covered by the leaves hanging over it. It was the knob of a door.

She put her hands under the leaves and began to pull and push them aside. Thick as the ivy hung, it nearly all was a loose and swinging curtain, though some had crept over wood and iron. Mary's heart began to thump and her hands began to shake a little in her delight and excitement. The robin kept singing and twittering away and tilting his head on one side, as if he were as excited as she was. What was this under her hands which was square and made of iron and which her fingers found a hole in?

It was the lock of the door which had been closed ten years, and she put her hand in her pocket, drew out the key, and found it fitted the keyhole. She put the key in and turned it. It took two hands to do it but it did turn.

1. What metaphor is used to describe the hanging ivy? Why is it effective?

2. Find and copy a phrase which shows Mary is excited.

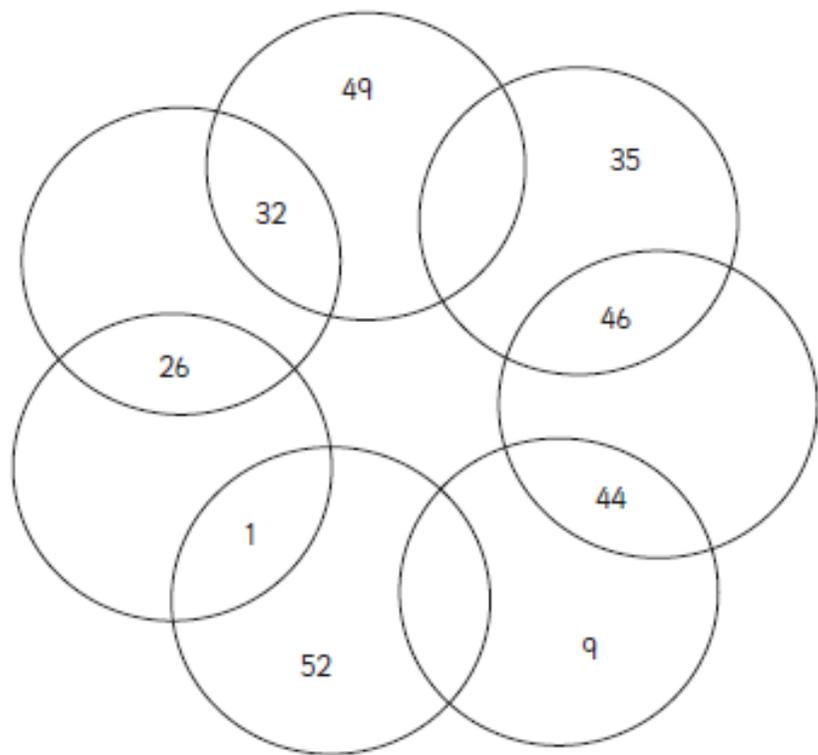

3. Where did Mary keep the key?

Exceeding expected week 3:

Using mental methods - no working out.

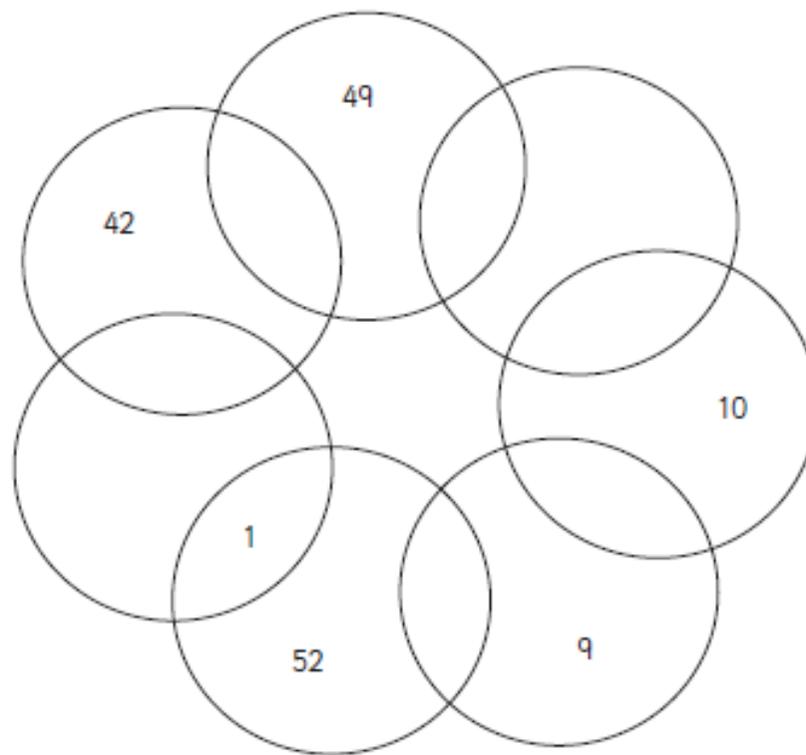

Each circle must add up to 100. Insert the missing numbers to complete the circles. Use your knowledge of addition and subtraction to solve the puzzle.

73, 42, 47, 10, 19

Exceeding expected - week 6

Help the Penguin to find the nestlings by coloring all the prime numbers.

		19	47	34	93	62	75	
9	15	94	23	21	68	49	86	
35	54	63	5	76	85	10	38	
96	22	84	31	53	29	92	64	
77	46	99	18	4	41	50	27	
24	36	57	45	66	73	3	48	
91	12	80	8	74	98	67	59	
69	44	6	39	65	16	55	17	
32	87	78	14	20	33	42	61	
								83

Helpful Hint

A prime number can only be divided by itself and 1.

Exceeding expected week 6:

Read the sentences as an editor and decide if you think commas need to be added. If you decide to add commas, explain your reason for doing so.

Sentence	Explain your reason for adding commas or leaving the sentence as it is.
The rabbit had long sharp pointy teeth.	
As the campers sat round the fire eating the bear stayed in the bushes.	
Lucy wanted a biscuit but she couldn't have one.	
David who was 10 wore glasses.	
Hetty dressed and performed for the packed audience.	
There was lots to do at the fair including face painting and a raffle.	
While the onions were cooking soup was brought from the shop.	
If you have got everything you need then we are ready to go!	

Week 7:

Consolidation of learning:

Co-ordinating conjunctions

Challenge 1

Which co-ordinating conjunction will you choose to link the independent clauses below to form multi-clause sentences?

1. Johnny could not go outside _____ there was a torrential storm.
2. Matilda likes to go shopping _____ she likes reading adventure books.
3. Mr. Jones had not given the class any homework for two weeks _____ does he plan on doing so this week.
4. Sally hates chocolate _____ her best friend loves eating anything sweet.
5. The cat likes sitting by the fire and warming its fur _____ lying on the sofa next to a soft cushion.
6. James hates brushing his teeth _____ he does it twice a day because he knows it's important.
7. Veronica broke her mum's television _____ she banned her from playing football inside the house.

Week 7:

Pygmy gecko

The pygmy gecko is a species of tiny lizard that grows to just 24mm long: that's about the length of a small paper clip! They live amongst the dead leaves on the floor of the Amazon, the vast tropical rainforest that covers a large part of South America. The pygmy gecko eats tiny arthropods (creatures with an exoskeleton instead of a spine) such as springtails and mites. Thanks to the pygmy gecko's small size, the way it moves, and its superhydrophobic (water-repellent) skin, this tiny lizard can walk on water!

In this clip we see how the pygmy gecko's water-repellent skin helps it to survive in its dangerous rainforest habitat.

Activity:

What would you do if your skin could repel water? Imagine that for one day you had hydrophobic skin like a pygmy gecko, and write a diary entry describing all the things you did. Try to include the following details:

- Talk about the important events that happened to you throughout the day;
- Describe the places you visited;
- Describe the people you saw (this might be your family, your friends or your neighbours);
- Talk about your feelings;
- Remember to write in the past tense.

Once you have finished, why not read it out loud to someone at home?

Week 7:

$5 \times 3 = \underline{\quad}$ $27 \div 3 = \underline{\quad}$ $7 \times 12 = \underline{\quad}$ $121 \div 11 = \underline{\quad}$ $35 \div 7 = \underline{\quad}$

$10 \times 5 = \underline{\quad}$ $1 \times 6 = \underline{\quad}$ $10 \times 3 = \underline{\quad}$ $7 \times 3 = \underline{\quad}$ $2 \times 6 = \underline{\quad}$

$5 \times 5 = \underline{\quad}$ $1 \times 2 = \underline{\quad}$ $48 \div 6 = \underline{\quad}$ $6 \times 3 = \underline{\quad}$ $12 \times 2 = \underline{\quad}$

$4 \times 3 = \underline{\quad}$ $8 \times 5 = \underline{\quad}$ $6 \times 5 = \underline{\quad}$ $11 \times 3 = \underline{\quad}$ $4 \times 11 = \underline{\quad}$

$9 \times 5 = \underline{\quad}$ $9 \div 9 = \underline{\quad}$ $7 \times 8 = \underline{\quad}$ $5 \times 7 = \underline{\quad}$ $30 \div 6 = \underline{\quad}$

$12 \times 10 = \underline{\quad}$ $3 \times 11 = \underline{\quad}$ $12 \times 4 = \underline{\quad}$ $9 \times 7 = \underline{\quad}$ $5 \times 10 = \underline{\quad}$

$5 \times 8 = \underline{\quad}$ $10 \times 11 = \underline{\quad}$ $9 \times 4 = \underline{\quad}$ $3 \times 10 = \underline{\quad}$ $44 \div 4 = \underline{\quad}$
