Chestnut

Remey-Lei

For her improved attitude to learning during P.E. This week, I have seen better participation and therefore Remey's development of her skills were fantastic. She showed better control of her actions in a task and so her teamwork in small-sided games produced better results. She also showed a better interest this week and her ability to succeed showed through her positive reactions.

Mr Tennuci

Redwood

Rocco

For superb focus and resilience across all subjects. Rocco has impressed everybody with his commitment to achieve in all subjects. He has particularly shone in our science lessons.
